America Sings is full of people who've sung using our Maestro as their accompanist. If you sing or try to sing, he can accompany you too! Just read the instructions below. You will need the following devices for your song performance.

-Fill out the Song Performance form.

Because America Sings is a free service-activity provided by Umblazin.com, we ask you to leave a \$3.00 minimum tip for the maestro (your accompanist).

Once your song submission and tip is received, a confirmation email is sent to validate your session time.

You will use your LAN line telephone (not a cell phone) to sing your performance with our maestro. Our technology enables us to record directly from your phone line onto a CD formatted disc, complete with band arrangements just as if you were performing with a real band.

Umblazin.com will upload your song performance on the America Sings Community Page where guest of this site can view you and millions of other singers across the U.S.

The Executive release...

Chief Executive: B.E. Morris
December 13, 2008

To: *Whom it May Concern*

I'm glad you've taken time to acknowledge this part of the letter. It is my desire and hope that you'll find a personal interest for what we've established in this service-activity that we call America Sings. The conception of 'America Sings' is to represent the musical reflections of the economy and the people within it. This same concept is being redefined in what we've established through our services. I ask you today to support this worthy cause by sharing your song with the world. It doesn't matter if you're a pro or an amateur. It's your song; sing it. And let us remember to spread the good news everywhere that America [does] Sing!

"... Now you can say you know the man who brought music to them."

B.M.
